April 2024

Welcome to April

The world is remembering its roots this month as spring starts turning everything green! No matter how fickle the weather may be, we always anticipate the new beginnings this freshest of months brings. Of course, April is full of other celebrations, like April Fools' Day (1st) & Earth Day (22nd). However you choose to have fun this month, we hope you enjoy the brightening days! We look forward to spending time with Robin & Mary Lois on the back porch planting fresh flowers and soaking up the sunshine in the months ahead. Our seasonal raised flower bed carries us through the Spring and Summer season and ends before the holidays with mums & pumpkins. Make an effort to begin to step outside, when Mother Nature allows, and breathe in some fresh air. Spring has Sprung!

Looking forward to a new season with you!
XOXO - Laurie
