

## **TakeCare<sup>®</sup> at Daisy Hill**

### **Short-term Stay Program**

Find rest, relaxation and special treatment with a short-term stay at Daisy Hill Senior Living. Our *TakeCare<sup>®</sup>* Program provides individuals the full experience of Senior Living without a permanent life change, offering extra support to families in Versailles and the surrounding counties.

This short-term stay is designed to be a minimum of 14 days and can last up to 90 days. Individuals may wish to experience all of our assisted living services, while others may benefit from simply enjoying housekeeping and prepared meals with social activities throughout the week.

By providing a furnished apartment at a daily rate, individuals can arrive with all the conveniences of Senior Living provided to them. Partnering with local providers, Daisy Hill residents can receive rehab therapy, pharmacy delivery services with pre-loaded medication planners, in-home nurse practitioners and home health nursing and therapy services.

- 
- **Experience Senior Living without a long-term commitment**
    - **Customize your stay, 14 to 90 days**
