

Pathway MEMORY CARE

Personalized Care with Purpose

Pathway at Daisy Hill is a localized memory care community dedicated to providing quality care in a therapeutic environment that respects and recognizes the individuality of each resident. Our team members make the focused effort each day to spend quality time with each resident so that changes in health or behavior are detected early, ensuring the best quality of life for each individual.

Uniquely designed for those with memory loss, Pathway encourages maximum freedom and socialization while maintaining an invisible blanket of security and protection. Health, safety and quality of life were priority as we designed an engaging environment that encourages residents to interact with their community, enjoy favorite pastimes and stay connected with the world.

People. Passion. Purpose.

At Pathway, we pay attention to details so that residents can relax and enjoy the safety, security and activities that our community offers. We provide guidance, solutions and support during the challenging times and throughout their journey. We make it a priority at Daisy Hill to communicate effectively with those involved for the best interests of our residents.
